

HR Policy Update

Effective March 1, 2025, Nexora Technologies introduced several updates to its HR policies aimed at improving employee well-being and productivity.

Remote work allowance was increased from 2 days per week to 3 days per week for eligible employees. This change was made after internal surveys indicated improved productivity in hybrid work models.

Additionally, the company introduced a ₹50,000 annual learning and development budget per employee. This can be used for online courses, certifications, workshops, and conferences.

A wellness allowance of ₹2,000 per month was also introduced, covering gym memberships, mental health apps, and wellness programs.

Employees are required to submit reimbursement claims monthly through the internal HR portal. Unused wellness credits do not carry forward to the next financial year.
