

Meeting Notes

Strategic Leadership Meeting – January 15, 2025

The executive leadership team of Nexora Technologies held a strategic planning meeting on January 15, 2025. Attendees included Priya Sharma (CEO), Arjun Verma (CTO), Neha Kapoor (VP Sales), and Rohan Malhotra (Head of Engineering).

The meeting focused on three primary areas:

1. International Expansion

The company approved expansion into Southeast Asia, with Singapore selected as the regional hub. This decision was based on increasing demand for AI automation tools in the region.

2. Hiring Strategy

A decision was made to recruit approximately 100 additional engineers over the next two quarters. This hiring initiative aims to support scaling of NexGuard and NexChat platforms.

3. Product Enhancement

The team discussed improvements to NexGuard reporting dashboards, focusing on better visualization of threat data and faster incident response workflows.

Action Items:

- HR to initiate global hiring drive
- Engineering to design scalable cloud architecture for Singapore expansion
- Product team to deliver NexGuard dashboard redesign by Q3 2025
